On March 29 enrollment have been opening for the *Life Beyond Life Film Festival* at Torino/Italy(<https://www.lifebeyondlife.net/>), proposed by the *ArtInMovimento Popular University* (<https://www.unipopaim.it/>) and the Cultural Association *SystemOut* (<http://www.systemout.org/>), in synergy with the *Afterlife Research and Education Institute* and the *Religion Today Film Festival*. Aligned to the international conferences *Andare Oltre. Uniti nella Luce* and *Oltre l'Oltre*, the *Life Beyond Life Film Festival* lays the focus on eschatological subjects, essentially referring to the Afterworld, and even welcoming anything that turns on all about *Death*, as well as *Terminal Care*, *Near Death Experiences*, *Deathbed Visions* and other interpretations related to different traditions. Furthermore the complex of themes does include the concept of destiny and the experience reports of mediums, sensitives, channelers and holistic operators. Clips, medium-term movies, long-term films, documentaries, video-arts and cartoons can be submitted.

“The *Life beyond Life Film Festival*, due to the current covid situation, will be online, broadcasted on a dedicated Vimeo Channel from June 17 to 20, hoping to organise, at the very least a One Day Live Event, together with the winners”, so Matteo Valier, the Operations Manager of the international event.

“The Committee will be constituted by well-known jurors, such as: Dr. R. Craig Hogan, PhD, great spiritual researcher and President of A.R.E.I., Alberto Olivero, an internationally renowned voice actor and fine religious scholar”, Andrea Morghen, Program Director of the Festival declaring.

“A dream come true! An intuition become concrete! I am looking forward to play ball with two close friends, *Andrea Morghen* and *Matteo Valier*, and being supported by *Evelyn Meuren*, *A.R.E.I. Europe*, will make this spontaneous adventure something very special! Now let us hope that a sufficient media “tam tam” will be created, and encourage all movie-practioners to submit their film products from across the globe demonstrating, how much our themes, and in particular life beyond life, are topics of interest, and fundamental nodes for reflectioning on Existence. We would like to propose at least twenty-four movies in competition and over time, to transform our *Life Beyond Life Film Festival* into an original platform for comparison of authors, film- and videomakers for giving the audience an opportunity to evolve by approaching the vision of our programming.

I will end up informing you, that this Exiting First Edition will be dedicated to our friend *Franca Castagno*, passed by on March 12. A wonderful woman of admirable human qualities! And naturally to all those souls, who transitioned during this long world pandemic, supporting us now from the Other Side, to grow spiritually and transform our current reality. Last of all, I would like to mention my good friend *Bruno Tinti*, husband of our supporting member *Maura Arisio*, and last but not least *Erika Aguzzoni*, the daughter of *Nadia Renda*, a talented medium, who has been collaborating for years with our *ArtInMovimento Popular University*”, concluding Annunziato Gentiluomo, Arts Director of the *Life Beyond Life Film Festival*.

Main media-partner and press-office will be the *ArtInMovimento Magazine*, (<http://artinmovimento.com/>) with its web radio, (<https://www.spreaker.com/user/artinmovimento>).
